Manager Report

Jeff:

- 196F pipe is all laid. Built road up for cement trucks to get in.
- D56-64 poured on Thursday.
- Got concrete cut out at top end.
- New crew started today.

Susan:

- EPA has rescinding the permit process for spraying. There were too many unexplainable in their permit.
- Shoshone is looking at brining in water on April 18th. Board discussed. Discussion on brining in water.
- Work order process reviewed with the Board. Tyler requested a list of current work orders for Board review.
- Susan reviewed State Water Law on water delivery. If any landowner's water escapes their ditches, whether that be waste ditch or delivery ditch, the District must turn the water down to a point in which the water will not escape onto any other landowner's property. The District can not force the landowner to make any repairs, only control the amount of water that can be delivered and stay within the existing ditches.
- Doug McMullan contacted me on Thursday. He will ride the Frannie Ditch again this season. Board discussed.

Public Comment

None.
